

# THE SLUM ALONG THE RIVER

## SHEUNG SHUI #2

These are huts spread across a large area on both banks of the Shek Sheung river in Sheung Shui. They are mostly managed by middleman Mr. Lala seen hanging on a tree in a previous expose'.

These shacks are in various state of disrepair and rent for exorbitant prices that Mr. Lala said will increase by 100\$ in October 2013.

Refugees have no choice but to accept this state of exploitation as they cannot afford deposits for regular homes.
