

THE SLUM UNDER THE TARPAULIN - YUEN LONG #2

A metal-sheet fence blocks view inside the most disturbing slum ISS funds to shelter refugees.

A huge green tarpaulin hides a warren of plywood cubicles that are as disturbing as they are illegal.

26 refugees from Pakistan, Bangladesh and Nepal are crammed into tiny, dark, inhumane cells (smallest 6x6').

A dodgy landlord uses FAKE addresses to collect refugee rent with full knowledge of ISS case workers.
