

# THE SLUM WITH FIRE EXTINGUISHERS

## LAM TEI #3

In early 2012 one third of this ghetto burned down in a blaze. Nobody was injured. One illegal structure was condemned by the Lands Dept though ISS-HK continues to exploit the others.

To protect the business the slum lord bought fire extinguishers. They expired in Aug 2012! Vision First is concerned that ISS knowingly exposes people to fire danger in all refugee ghettos.

This slum could erupt in a ball of fire. Tree branches are not trimmed. Piles of leaves cover flammable plastic sheets on the roofs. Refugees burn garbage not municipally collected here.

17 refugees live  
in this ghetto

SAFEGUARDING REFUGEE RIGHTS

The evidence of ISS-HK  
segregating and oppressing  
refugees in ghettos will be  
exposed in court.

Will ISS-HK survive the **fire** ?
